Q: Do I have to know anything about sports to play Intramurals?

A: In short: No!

Intramural Sports are competitive, yet fun, individual and team sports, and are organized into men, women, or co-ed leagues. The activities are organized into various skill levels for the enjoyment of the participant.

In almost every sport there is an option to play in a either recreational or competitive league.
Q I missed out on buying a locker this semester. Do I have any other options?

A In addition to the lockers we have available for rent in the locker rooms, we also have other Daily Use Locker options:

   a. In both the Men's and Women's Locker Rooms we have 1 row of Daily Use lockers. You can bring in your own lock or purchase a lock from us at the Equipment Desk.

   b. In the Game Room and Exercise Room you can check out a key to a daily use locker for free using your PantherCard.

*Please be aware that when using a Daily Use locker, you must remove your items by the end of the day. Please stop by to visit the Equipment Desk staff if you have any additional questions about locker use in the SRC.
I’m confused about the instructional clinics... do I pay per week or what?

Instructional clinics at Georgia State University are very affordable!

When you register for an instructional clinic, your $20 (students) or $40 (other members) is for the entire semester! In other words, once you have paid the registration fee, you don’t owe any more money for that particular clinic. You are signed up to take that clinic for the entire semester. If you are a student, that comes out to less than $2.00 per clinic!

Registration begins at 6:00 a.m. on Monday, January 9, 2012 in the SRC Lobby. Get here early to secure your spot in your favorite clinic!
If I get injured while at the Recreation Center, what should I do?

Injuries can happen at the Recreation Center:

In the event that you get injured while using the Student Recreation Center, please contact an SRC staff member immediately for assistance.

Our staff can document that the injury occurred and provide you with basic First Aid as needed.
